Dear Shareholder

The SWX Swiss Exchange has issued directives on Corporate Governance, which came into effect for the 2002 calendar year.

Nestlé has long had a commitment to sound corporate governance and adheres fully to the directives through the publication of the Corporate Governance Report 2002.

Nestlé is also committed to providing its shareholders, and the broader financial community, with open and timely information and a high level of transparency. The Management Report 2002 and 2002 Financial Statements, which accompany this report, are evidence of that drive for ongoing development in our reporting, as is the Group's Investor Relations web site, www.ir.nestle.com, where anyone can access the Group's annual and semi-annual reports, press releases, presentations and conference calls.

Our commitment to sound governance goes beyond the financial arena, as demonstrated by the publication in 2001 of our Environment Report, in 2002 of our Sustainability Report and in 2003 of our People Development Review.

Rainer E. Gut
Chairman of the Board

Peter Brabeck-Letmathe
Vice Chairman of the Board and
Chief Executive Officer

Preliminary remarks

The Nestlé Corporate Governance Report 2002 follows the structure of the SWX directive. *Texts in italics indicate direct quotations from the SWX directive.*

To avoid duplication of information, cross-referencing to other reports is made in some sections, namely the Management Report 2002, the 2002 Financial Statements that comprise the consolidated accounts of the Nestlé Group and the Annual report of Nestlé S.A. and the Articles of Association of Nestlé S.A., whose full text can be consulted in the Appendix 1 on page 22 of this document.

The information disclosed in the Financial Statements 2002 complies with the International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) and with the IFRIC interpretations issued by the International Financial Reporting Interpretations Committee (IFRIC) of the IASB. Where necessary, these disclosures have been extended to comply with the requirements of the SWX Swiss Exchange Directive on Information Relating to Corporate Governance.

1. Group structure and shareholders

1.1 Group structure

Please refer to the Management Report 2002 for the overview of Directors and Officers.

For the general organisation chart of Nestlé S.A. please refer to page 21 of this document.

Please refer to the 2002 Financial Statements page 58 for the listing of principal affiliated companies.

1.2 Significant shareholders

The Company is not aware of any shareholder holding, directly or indirectly, 3% or more of the share capital.

1.3 Cross-shareholdings

The Company is not aware of cross-shareholdings exceeding 3% of the capital or voting rights on both sides.

2. Capital structure

2.1 Capital

The ordinary share capital of Nestlé S.A. is CHF 403 520 000.

The conditional share capital is CHF 10 000 000. Nestlé S.A. does not have authorised capital.

2.2 Conditional capital

The share capital may be increased, through the exercise of conversion or option rights, by a maximum of CHF 10 000 000 through the issue of a maximum of 10 000 000 registered shares with a nominal value of CHF 1 each. Thus the Board of Directors has at its disposal a flexible instrument enabling it, if necessary, to finance the activities of the Company through convertible loans or the issue of bonds with warrants.

For a description of the group of beneficiaries and of the terms and conditions of the issue of the conditional capital, please refer to article 5 bis of the Articles of Association of Nestlé S.A. (Appendix 1).

2.3 Changes of capital

The share capital has not changed in the last three financial years. On 11th June 2001, the registered shares were split in a ten-for-one relationship from CHF 10 to CHF 1. For the breakdown of capital ("equity") for 2002, 2001 and 2000 see the Consolidated balance sheet in the Consolidated accounts of the Nestlé Group 2002 and 2001.

2.4 Shares and participation certificates

Nestlé S.A.'s capital is composed of registered shares only.

Number of registered shares with a nominal value of CHF 1 each, fully paid up: 403 520 000.

According to article 14, para. 1 of the Articles of Association (Appendix 1), each share confers the right to one vote.

There are no participation certificates.

2.5 Bonus certificates

There are no bonus certificates.

2.6 Limitations on transferability and nominee registrations

2.6.1 Limitations on transferability for each share category, with an indication of statutory group clauses, if any, and rules on making exceptions

There are no limitations on the transferability of the shares. However, no natural person or legal entity may be registered as a shareholder with the right to vote for shares which it holds, directly or indirectly, in excess of 3% of the share capital. Legal entities that are linked to one another, as well as all natural persons or legal entities acting in concert to circumvent this limit, shall be counted as one person (article 6, para. 6, lit. a of the Articles of Association, Appendix 1).

2.6.2 Reasons for making exceptions in the year under review

Please refer to 2.6.3 and 6.1.2 of this report.

2.6.3 Admissibility of nominee registrations, with an indication of per cent clauses, if any, and registration conditions

In order to facilitate the trading of the shares on the stock exchange, the Board of Directors may, by means of regulations or within the framework of agreements with stock exchange or financial institutions, allow fiduciary registrations and also depart from the 3% limit (article 6, para. 6, lit. e of the Articles of Association, Appendix 1).

In this respect, the Board of Directors has issued regulations concerning nominees, setting forth rules for their entry as shareholders in the share register.

These regulations allow the registration of:

- Nominees N (“N” as Name of beneficial owner disclosed): where trading and safekeeping practices make individual registration of beneficial owners difficult or impractical, shareholders may register their holdings through a Nominee N with voting rights, subject to the specific understanding that the identity and holdings of beneficial owners are to be disclosed to the Company, periodically or upon request. Limits of holdings for a Nominee N, or Nominees N acting as an organised group or pursuant to a common agreement, may not exceed 3% of the share capital of the Company. Holdings exceeding the 3% limit (respectively the limit fixed by the Board of Directors, see 6.1.2) are registered without voting rights.
- Nominees A, without voting rights (“A” as Anonymous beneficial owner).

2.6.4 Procedure and conditions for cancelling statutory privileges and limitations on transferability

Please refer to 6.1.3 of this report.

2.7 Convertible bonds and options

See note 20 in the Consolidated accounts of the Nestlé Group 2002 and pages 16–17 of this report.

4.3 Management contracts

Key elements of management contracts between the issuer and companies (or natural persons) not belonging to the group, including the names and domiciles of companies, the delegated management tasks and the form and extent of compensation for fulfilling these tasks

There are no such management contracts at Nestlé.

5. Compensations, shareholdings and loans

5.1 Content and method of determining the compensations and of the shareholding programmes

The responsibility for determining the remuneration of the members of the Board of Directors and of the members of the Executive Board lies with the Remuneration Committee of the Board of Directors.

The principles and elements of compensations for and shareholdings of acting and former members of the Nestlé Board of Directors and Executive Board are the following:

Members of the Board of Directors

Members of the Board of Directors receive an annual remuneration, members of the Committee of the Board as well as members of the Audit Committee receive an additional remuneration. Members of the Board of Directors also receive an annual expense allowance. The Chairman of the Board is entitled to a salary, a bonus and share options, as is the Delegate of the Board (CEO).

Half of the remuneration of the members of the Board of Directors and the total additional remuneration of the members of the Committee of the Board are paid through the granting of Nestlé S.A. shares at the ex-dividend closing price

at the day of payment of the dividend. These shares are subject to a 2-year blocking period.

Members of the Executive Board

The total annual remuneration of the members of the Executive Board comprises a salary, a bonus (based on the individual's performance and the achievement of the Group's objectives) and share options.

Half of the bonus of the members of the Executive Board is paid through the granting of Nestlé S.A. shares at the average price of the last 10 trading days of January of the year of allocation. These shares are subject to a 3-year blocking period.

5.2 Compensations for acting members of governing bodies

6. Shareholders' participation rights

6.1 Voting-rights restrictions and representation

6.1.1 All voting-rights restrictions, along with an indication of statutory group clauses and rules on making exceptions, particularly in the case of institutional voting-rights representatives

Only persons who have been duly entered in the Share Register are recognised by the Company as shareholders and can exercise the rights conferred by the shares (article 6, para. 4 of the Articles of Association, Appendix 1). Shareholders

with the right to vote may exercise all the rights conferred by the shares. The exercise of any right conferred by the shares implies adherence to the Articles of Association. Shareholders without the right to vote may neither exercise the right to vote nor the other rights relating thereto.

Each shareholder with the right to vote may have their shares represented at General Meetings by another shareholder entered as a shareholder with the right to vote (article 14 para. 2 of the Articles of Association, Appendix 1). Nestlé S.A. also offers the possibility to its shareholders to be represented by the Company or by an independent shareholder representative.

No shareholder or several shareholders acting in concert may by virtue of the shares he or they own or represent, whether directly or indirectly, vote in respect of more than 3% of the share capital (article 14 para.3 of the Articles of Association, Appendix 1).

In order to permit the exercise of voting rights in respect of shares deposited with banks, the Board of Directors has granted exceptions to certain banks to vote shares deposited by their clients, which in aggregate are in excess of 3% of the share capital.

Further details regarding voting restrictions are described under article 14, para. 4–5 of the Articles of Association (Appendix 1).

6.1.2 Reasons for making exceptions in the year under review

In order to facilitate trading of the shares on the stock exchanges, the Board of Directors has issued regulations authorising certain nominees to exceed the 3% limit to be registered as a shareholder with the right to vote. The responsibility for disclosure of beneficial owners resides with the nominees registered in the share register.

6.1.3 Procedure and conditions for cancelling statutory voting-rights restrictions

Shareholders representing at least two-thirds of the

share capital must be present at a General Meeting in order to amend the provisions of the Articles of Association relating to the registration of the voting right and the limit on voting rights at General Meetings.

Such a decision requires a majority of three-quarters of the shares represented at the General Meeting (article 17 of the Articles of Association, Appendix 1).

6.1.4 Statutory rules on participating in the general meeting of shareholders if they differ from applicable legal provisions

Shareholders with the right to vote may have their shares represented by another shareholder with voting rights (article 14 para. 2 of the Articles of Association, Appendix 1). Nestlé S.A. also offers the possibility to its shareholders to be represented by the Company or by an independent shareholder representative.

6.2 Statutory quorums

Please refer to articles 16 and 17, para. 1 of the Articles of Association (Appendix 1).

6.3 Convocation of the general meeting of shareholders

Nestlé S.A. statutory rules (articles 11 and 12 of the Articles of Association, Appendix 1) do not differ from applicable legal provisions.

6.4 Agenda

Please refer to article 20 of the Articles of Association (Appendix 1).

6.5 Registrations in the share register

The registrations appearing in the Share Register twenty days prior to the date of the General Meeting shall determine the right to participate in, and the right to represent shareholders at General Meetings (article 6, para. 7 of the Articles of Association, Appendix 1).

7. Changes of control and defence measures

7.1 Duty to make an offer

Nestlé S.A. does not have a provision in the Articles of Association on opting out or opting up.

The provisions regarding the threshold for making a public takeover offer of SESTA (Stock Exchange Act) are applicable.

7.2 Clauses on changes of control

There are no such agreements at Nestlé.

8. Auditors

8.1 Duration of the mandate and term of office of the head auditor

On 22nd May 1993, Klynveld Peat Marwick Goerdeler SA, (hereafter referred to as KPMG SA), was first appointed as auditor of Nestlé S.A. On 11th April 2002 at the 135th General Meeting of Shareholders of Nestlé S.A., KPMG SA was reappointed as auditor of Nestlé S.A. and of the consolidated accounts of the Nestlé Group for a term of office of three years.

The audit report is signed jointly by two KPMG partners on behalf of KPMG SA. The first year that Mr. B. Mathers signed the Nestlé accounts was for the year ended 31st December 1994 (together with Mr. W. Tannett). Mr. S. Cormack signed the Nestlé accounts for the year ended 1998 jointly with Mr. B. Mathers. Mr. S. Cormack was also a signatory to the 1997 accounts, together with Mr. W. Tannett and B. Mathers.

8.2 Auditing honorarium

Fees paid to KPMG over 2002, in their capacity of Group auditors, amount to CHF 30 million.

8.3 Additional honorariums

The Nestlé Group and KPMG have agreed on clear guidelines as to professional services which it is appropriate for KPMG to provide. These services include due diligence on mergers, acquisitions and disposals and tax and business risk assurance. These guidelines ensure KPMG's independence in their capacity as auditors to the Nestlé Group.

In the year 2002, the Nestlé Group paid KPMG CHF 28 million for non-audit services.

8.4 Supervisory and control instruments vis-à-vis the auditors

Please refer to 3.5.2, 3.5.3 and 3.6 of this report.

9. Information policy

Investor Relations

Guiding principles

Nestlé is committed to managing an open and consistent communication policy with shareholders, potential investors and other interested parties. The objective is to ensure that the perception of those parties about the historical record, current performance and future prospects of Nestlé is in line with management's understanding of the actual situation at Nestlé.

The guiding principles of this policy, as it relates to shareholders, are that Nestlé gives equal treatment to shareholders in equal situations, that any price-sensitive information is published in a timely fashion and that the information is provided in a format that is as full, simple, transparent and consistent as possible.

Methodology

Nestlé's communication strategy makes use of traditional and modern communication tools.

Printed material

Nestlé produces a highly detailed Management Report annually, which reviews the business both geographically and by product group, and provides detailed audited financial statements for the year under review, according to the International Financial Reporting Standards (IFRS). The document also reviews Nestlé's latest initiatives resulting from its commitment to the highest levels of corporate citizenship wherever it is present around the world. This document is complemented by the Half-yearly Report.

Nestlé publishes its full-year and half-year results, and its first quarter and nine-months' sales figures. Press releases are issued quarterly. Nestlé also publishes press releases at the time of any other potentially price-sensitive information, such as

significant acquisitions and divestments, joint venture agreements and alliances.

Major announcements, such as results or corporate activity, are accompanied by a presentation which is broadcast "live" on the Internet and which anyone can choose to access, whether or not that person is a shareholder.

Personal communication

Nestlé runs a programme of investor meetings. This includes the Ordinary General Meeting, as well as presentations at the time of its full and half-year results. The Group also has a programme of roadshows which takes place in most financial centres around the world and includes attendance at events organised by the financial community. Investors and potential investors, as well as financial analysts, are also welcomed on an almost daily basis, outside our quiet periods, at the head office in Vevey, where they will meet either with line management or the investor relations professionals. Periodically Nestlé may host themed events for institutional investors and investment analysts at which members of line management give an overview of their particular areas of responsibility. These roadshows, financial community presentations and meetings at Vevey focus either on recently announced financial results or corporate activity or on the longer-term strategy of the Group: they are not an occasion for the disclosure of new information which might encourage an investment decision. Any presentations made at these events are published on the Group's web site.

The World Wide Web

Nestlé also utilises the World Wide Web (www.nestle.com and www.ir.nestle.com) to ensure a rapid and equitable distribution of information. Thus, all press releases and presentations are available on the web site as soon as they are published and remain on the site as a library of background information on the Group. The Management Report including Financial Statements is also posted on the web site as soon as possible after its publication. Nestlé does not just rely on

people visiting the site to be updated on the latest developments within the Group: anyone can sign up on the site to be alerted automatically by Nestlé whenever there is a change to the investor relations web site; also press releases are distributed to major wire and news services.

The web site also provides answers to questions that investors frequently ask and enables those who do not have access elsewhere to monitor the Nestlé S.A. share price, as well as the performance of their investment in Nestlé. There are also links to non-financial information that may be of interest to investors, including areas such as the environment, sustainability, the *Nestlé Corporate Business Principles* and the *Nestlé Human Resources Policy*.

Individuals have access through the web site directly to named individuals at the Investor Relations Department, either by telephone, fax, email or letter.

Recognition

Nestlé has been recognised for the quality of its investor relations: the Group was highly commended for the last three years at the Investor Relations Awards for Best Investor Relations By A Non-Eurozone Company and was the fourth highest regarded European company (and the highest regarded Swiss company) by investors for its investor relations in the Extel Financial Survey 2002.

3 The Company shall maintain a Share Register showing the name and address of the holders or usufructuaries. Any change of address must be reported to the Company.

4 The Share Register will contain two headings: "Shareholders without the right to vote" and "shareholders with the right to vote". Only persons who have been duly entered under one of those two headings will be recognised by the Company as shareholders or usufructuaries. Only such persons will be authorised as against the Company to exercise the rights conferred by their shares, subject to the restrictions set forth in Article 6 par. 6, and Article 14 of the Articles of Association. Shareholders without the right to vote may neither exercise the right to vote conferred by the shares nor the other rights relating thereto. Shareholders with the right to vote may exercise all the rights conferred by the shares. The exercise of any right conferred by the shares implies adherence to the Articles of Association of the Company.

5 After the acquisition of shares, upon request of the shareholder to be recognised as such, any acquiring party shall be considered as a shareholder without the right to vote, until it is recognised by the Company as a shareholder with the right to vote. If the Company does not refuse the request to recognise the acquiring party within twenty days, the latter shall be deemed to be a shareholder with the right to vote.

6 Subject to Article 14, the following provisions shall be applicable:

- a) No natural person or legal entity may be registered as a shareholder with the right to vote for shares which it holds, directly or indirectly, in excess of 3% of the share capital, subject to Article 685d par. 3

of the Swiss Code of Obligations. Legal entities that are linked to one another through capital, voting rights, management or in any other manner, as well as all natural persons or legal entities achieving an understanding or forming a syndicate or otherwise acting in concert to circumvent this limit, shall be counted as one person.

- b) The 3% limit set out above also applies to shares acquired or subscribed by the exercise of subscription, option or conversion rights attached to shares or other securities issued by the Company or by third parties.
- c) The foregoing limit does not apply in the case of subscriptions of reserve shares issued by the Company or an acquisition through exchange of shares.
- d) Subject to the provisions of letter e) below, the Board of Directors may refuse to enter the shares in the Share Register if, when requested to do so by the Board, the acquiring party has not specifically declared that the shares have been acquired in its own name and for its own account.
- e) In order to facilitate the trading of the shares on the stock exchange, the Board of Directors may, by means of regulations or within the framework of agreements with stock exchange or financial institutions, allow fiduciary registrations and also depart from the 3% limit set out above.
- f) After hearing the interested party, the Board of Directors may cancel, with retroactive effect, the registration of shareholders holding shares in contravention of the preceding rules.

7 The registrations appearing in the Share Register twenty days prior to the date of the General Meeting of Shareholders shall determine the right to participate in and the right to represent shareholders at the General Meetings (art. 14).

Article 7 Dematerialised shares

1 The Company may cease printing and supplying certificates. A shareholder shall however have the right to demand at any time that a certificate for his shares be printed and supplied at no cost.

2 Shares not represented by a certificate, and the rights attached to such shares but not represented by a certificate, may only be transferred by deed. In order to be valid, the deed must be notified to the Company.

3 Shares or the rights attached thereto not represented by a certificate, which a bank has been instructed by the shareholder to administer, may only be transferred through that bank and pledged in favour of such bank.

The Ordinary General Meeting of shareholders shall be held each year within six months of the close of the financial year of the Company.

Article 11 Convening General Meetings

1 General Meetings shall be convened by the Board of Directors or, if necessary, by the Auditors, as well as in the other cases foreseen by law.
2 The Board of Directors shall, if so requested by a General Meeting or at the request in writing, specifying the items and proposals to appear on the agenda, of one or more shareholders with the right to vote representing in aggregate not less than one tenth of the share capital, convene an Extraordinary General Meeting. The Extraordinary General Meeting shall be held within forty days of such request.

Article 13 Presiding officer; Minute

1 The Chairman or any member of the Board of Directors shall preside at General Meetings.
2 Minutes of General Meetings shall be kept by the Secretary of the Board of Directors.

Article 14 Voting rights; Proxies

2 Each shareholder entered in the Share Register as a shareholder with the right to vote may have its shares represented at General Meetings by another shareholder entered as a shareholder with the right to vote.
3 At General Meetings no shareholder may, for the aggregate of the shares held or represented by him, exercise his voting right in excess of 3% of the total share capital. Legal entities that are linked to one another through shareholding, voting rights, management or in any other manner, as well as natural persons or legal entities acting in concert with a view to circumventing such a limit, shall be counted as one shareholder.
4 The foregoing limit does not apply to shares received and held by a shareholder pursuant to an acquisition as referred to in Article 6 par. 6 lit. c).
5 In order to permit the exercise of voting rights in respect of shares deposited with banks, the Board of Directors may by means of regulations or agreements with banks depart from the limit foreseen in this Article. It may also depart from such a limit within the framework of the regulations or agreements referred to in Article 6 par. 6 lit. e). In addition, this limit shall not apply to the exercise of voting rights pursuant to Article 689c CO regarding representation by a member of the corporate bodies and by an independent person.

Article 15 Quorum and decisions; 1. In general

1 General Meetings shall be duly constituted irrespective of the number of shareholders present or of shares represented, except as otherwise provided in the Articles of Association.

2 Subject to the provisions of Articles 16 et 17 below, General Meeting resolutions and elections shall be decided on a straight majority of the shares represented. In case of a tie, elections shall be decided by lot; on other matters the Chairman of the meeting shall have a casting vote.

3 This Article is subject to any contrary and mandatory provisions of the law.

Article 16 2. Special Quorum

1 Shareholders representing at least one half of the share capital shall have to be present in order to:

- change the corporate name,
- broaden or restrict the scope of the Company's business,
- transfer the registered offices,
- merge with another company,
- issue preference shares,
- cancel or modify the preferential rights attached to such shares,
- issue or cancel profit sharing certificates.

2 Whenever at a first General Meeting less than half of all the shares are represented, a second General Meeting may be held immediately following the first at which, irrespective of the number of shares represented, decisions may validly be taken by a straight majority of the votes cast.

Article 17 3. Special Quorum and qualified Majority

1 Shareholders representing at least two thirds of the total share capital shall have to be present in order to amend the provisions of the Articles of Association relating to the registration of the voting right (Art. 6 par. 6), the limit on voting rights at General Meetings (Art. 14 par. 3, 4 and 5), the number of Directors (Art. 22) and the term of office (Art. 23), as well as to transfer the registered offices abroad, wind up the Company and remove more than one third of the Directors.

2 Such decisions require a majority of three quarters of the shares represented at the General Meeting.

Article 18 Voting and elections

Without prejudice to the principle set forth in the first paragraph of Article 14, votes shall be taken on a show of hands unless a secret ballot be ordered by the Chairman of the meeting or requested by the majority of the shareholders present.

Article 19 Items not on the agenda

No resolution shall be passed at a General Meeting on matters which do not appear on the agenda except for:

- a resolution convening an Extraordinary General Meeting; or
- the setting up of a special audit.

It shall not be necessary to include in the notice convening a General Meeting items on which no vote will be taken.

Article 20 Rights of shareholders to complete agenda

One or more shareholders whose combined holdings represent an aggregate nominal value of at least 1 million francs may demand that an item be included in the agenda of a General Meeting; such a demand must be made in writing to the Board of Directors at the latest 45 days before the meeting and shall specify the proposals made.

The following powers shall be vested exclusively in the General Meeting:

- a) to approve the annual report and the annual financial statements of the Company;
- b) to approve the consolidated financial statements of the Group;

- d) to decide on the appropriation of profits resulting from the balance sheet of the Company and in particular to determine the amount of the dividend;

The Board of Directors shall consist of at least seven but not more than nineteen members who must be shareholders.

Article 23 Term of office

1 The members of the Board of Directors shall be elected for five years. Each year the Board shall be renewed by rotation, to the extent possible in equal numbers and in such manner that, after a period of five years, all members will have been subject to re-election.

Nestlé Corporate Governance Principles

September, 2000

Since its foundation in 1866, Nestlé has:

- built consumers’ trust through the quality of its products;
- respected the social, political and cultural traditions of all countries in which it operates;
- taken a long-term approach to strategic decision-making, which recognises the interests of its shareholders, consumers, employees, business partners and industrial suppliers as well as those of all the national economies in which it operates.

Nestlé’s commitment to sound Corporate Governance goes back to its very early days. Nestlé published for the first time, in September 2000, its Corporate Governance Principles. Today, these are incorporated in the Management Report.

Preamble

Legislations and International Recommendations

Nestlé:

- complies with the laws and regulations applicable in the countries in which it operates;
- ensures that the highest standards of conduct are met throughout the organisation by complying in a responsible way with the Nestlé Corporate Business Principles, which guide Company activities and relationships worldwide in each sector of business interest;
- is aware that increasing globalisation is leading to the development of more international recommendations. Although, as a general rule, these recommendations are addressed to governments, they inevitably have an impact on business practices. Nestlé takes such recommendations into account in its policies;
- generally endorses commitments and recommendations for voluntary self-regulation issued by competent sectoral organisations, provided they have been developed in full consultation with the parties concerned; these include the ICC Business Charter for Sustainable Development (1991), the OECD Guidelines for Multinational Enterprises (1976), and the OECD Principles of Corporate Governance (1999).
